Professional Summary

Highly skilled and results-oriented Software Engineer with a solid foundation in designing, developing, and implementing applications and solutions using a diverse array of technologies and programming languages. Although my experience is not extensive professionally, I have honed my skills through various projects. Proficient in both front-end and back-end development, I have a keen eye for detail and a passion for creating seamless user experiences.

Technical Skills

- HTML, CSS, JavaScript, TailwindCSS
- React, NextJS
- PHP, NodeJS
